FAMILY RESOURCE GUIDE

This is your directory of organizations that provide services to children, their families and referral agencies throughout the Pinal Region. If you would like additional copies of this guide, have corrections, or would like to be included in the next edition, please contact Katrina DeVinny, Pinal Regional Director, (520) 836-5838 or kdevinny@firstthingsfirst.org. Additional copies are also available at the following locations: public libraries, Department of Economic Security, local chambers of commerce, and hospitals within the Pinal Region.

About First Things First

Approved by Arizona voters, First Things First (FTF) works to ensure that our youngest children have access to quality early childhood experiences so they will start school healthy and ready to succeed. Across the state, FTF regional partnership councils – in collaboration with local leaders – identify the education and health needs of children from birth to age 5 in their communities and fund strategies to address those needs.

The Pinal County Inter-Agency Council to End Child Abuse is a multi-disciplinary group whose mission is: Ending child abuse through collaborative partnerships, community outreach and training.

Our vision is: Making a difference in every child's life by ending child abuse and improving the lives of children in Pinal County.

Our primary goal is to strengthen families through primary prevention efforts. Remember the **ABC's** of Safe Sleep.

Babies sleep safest when...

They sleep **Alone**

on their **Backs**

in a **uncluttered Crib**

The Safest Way for Your Baby to Sleep is Alone, on their Back in a Crib or Bassinet.

Safe sleep means putting your baby to sleep in ways that can help protect him from dangers, like choking and suffocation (not being able to breathe), and sudden infant death syndrome (also called SIDS).

It is easy to make safe sleep practices a part of everyday life.

There is nothing more beautiful than a sleeping baby, especially for parents who are often overtired themselves. By following a few simple tips, you can create a safer sleeping environment for your baby.
